### What is Solar Atta Chakki ?

Solar Atta Chakki is an application that uses the electricity produced by the sun as a source of energy. The Solar Atta mainly consists of the following parts: - Motor, Solar Panel, Solar Drive VFD, Solar Panel Stand, Wiring.

#### Advantages of Solar Atta Chakki

1. Relief from irregular electricity and Savings on expensive diesel.
2. Invest once and get free (zero cost) solar energy for many years to come.
3. The solar system does not require any maintenance other than regular cleaning of the modules and is easy to operate.
4. Contribute towards less carbon emissions and pollution free environment.

The Second Name of Trust.

Over 32 years of Solar Power generation experience and one of the leading solar manufacturer company of india.

25 years solar module warranty and in 20 years < 0.1% lesser warranty claims.

Relief from problems like Dry run, reverse polarity, low voltage and lightning strike.

Galvanize treatment on iron structure to ensure protection towards Rust/decay and long life.

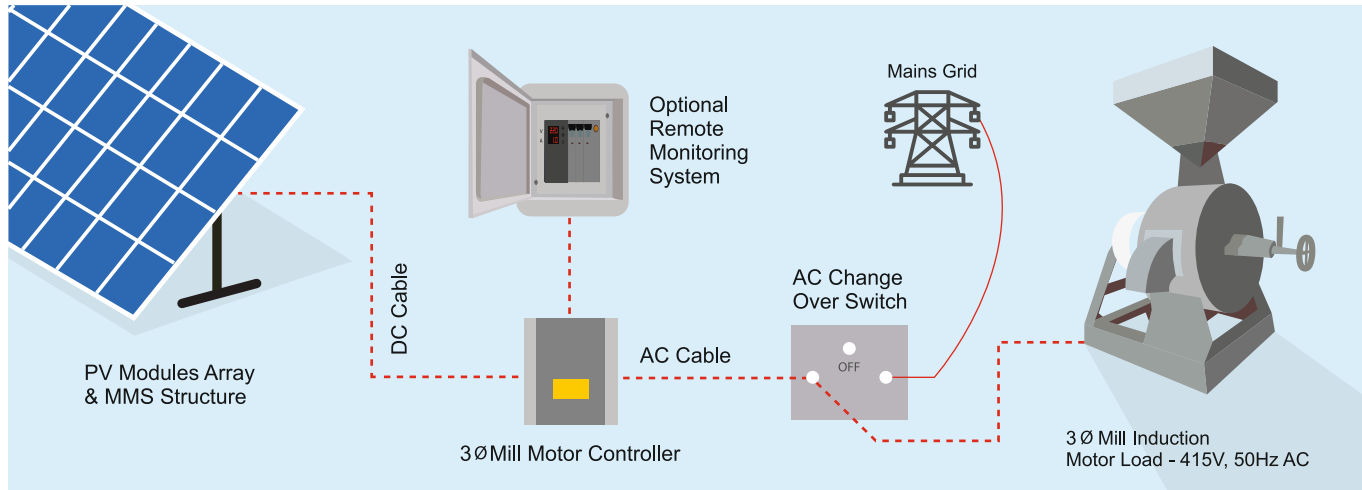

Hassle free installation process and Complete support from application till installation done.

Run flour mill from 5 HP to 20 HP on solar power

## Tata Power Solar Atta Chakki Range

Atta Chakki motor	Number of models	Model rating	Drive capacity
5 HP/3.73 KW	15	535Wp+	7.5 HP/5.5KW
7.5 HP/5.59KW	16	535Wp+	10 HP/7.46 KW
10 HP/7.46KW	30	535Wp+	15 HP/11.19KW
15HP/11.19KW	32	535Wp+	20 HP/14.92 KW
20HP/14.92KW	45	535Wp+	25 HP/14.92 KW

\* Atta Chakki, motor, change over switch, wire will be provided by the customer.

### Create your own electricity with solar energy

No more dependency on electricity you can run your Atta Chakki from morning to evening through the solar energy.

### Say good bye to your electricity bill

I have a motor of 15 HP, if I run this HP motor on electricity, then every month there will be a bill of at least 30 thousand, while there is also a big problem of power cut in villages, in such a situation, the expenditure increases by using diesel. But, adopting a solar system is a profitable deal.
