### **Tata Power Arm Signs PPA with TPDDL to Set Up 510-mw Hybrid Project**

**Our Bureau**

**Mumbai:** Tata Power subsidiary Tata Power Renewable Energy (TPREL) has signed a power purchase agreement (PPA) with Tata Power Delhi Distribution (TPDDL) for a 510-mw hybrid project.

The project will save on an average of 1.540 MUs (million units) of CO2 emissions annually for Tata Power-Delhi Distribution Ltd, a joint venture between Tata Power and Delhi government, which supplies electricity to a populace of over 7 million in north Delhi. The PPA has the capacity for bifurcation of 170 MW solar and 340 MW wind power. Located in Karnataka, it is one of the largest hybrid projects in

**The PPA has the capacity for the bifurcation of 170 MW solar and 340 MW wind power**

the country and will be commissioned within 24 months from the PPA execution date.

"Tata Power Renewable has signed one of the largest PPAs in the country for a 510 MW hybrid project, via competitive bidding, showcasing our future readiness and expertise in project execution skills," said Ashish Khanna, CEO, Tata Power Renewable Energy. "This partnership is significant in our quest to continue our journey as one of the torch-bearers of the green and clean energy transition."

Tata Power Renewable won this project through a competitive bidding process, followed by the release of LOA by Tata Power-DDL. This win is an extension of the earlier LOA of 256MW received in December 2022. With this, the total renewables capacity of Tata Power Renewable has touched 6,303 MW with an installed capacity of 3,909 MW (solar 2,961 MW, wind 928 MW) and 2,394 MW under various stages of implementation.

## Tata Power arm inks pact for 510-MW hybrid project

**Our Bureau**  
New Delhi

Tata Power Renewable Energy (TPREL), a Tata Power subsidiary, on Friday signed a power purchase agreement (PPA) with Tata Power Delhi Distribution (Tata Power-DDL) for a 510 megawatts (MW) hybrid project.

The project will save, on an average, 1,540 million units (MUs) of CO<sub>2</sub> emissions annually for Tata Power-DDL, which is a joint venture between Tata Power and the Delhi government, and which supplies electricity to a populace of more than 7 million in North Delhi, TPREL said in a statement.

The PPA has the capacity for bifurcation of 170 MW solar and 340 MW wind power. Located in Karnataka, it is one of the largest hybrid projects in the country and will be commissioned

The PPA has the capacity for bifurcation of 170 MW solar and 340 MW wind power

within 24 months from the PPA execution date, it added.

### COMPETITIVE BIDDING

TPREL won this project through a competitive bidding process, followed by the release of LOA by Tata Power-DDL.

With this win, the total renewables capacity of TPREL reaches 6,303 MW with an installed capacity of 3,909 MW.

## टीपीडीडीएल का टाटा पावर संग समझौता

टाटा पावर रिन्यूएबल एनर्जी ने अपने 510 मेगावाट सौर-पवन हाइब्रिड परियोजना से बिजली आपूर्ति के लिए टाटा पावर दिल्ली डिस्ट्रीब्यूशन लिमिटेड (टीपीडीडीएल) के साथ समझौता किया है।

शुक्रवार को एक बयान जारी कर यह जानकारी दी गई। यह देश की सबसे बड़ी हाइब्रिड परियोजनाओं में से एक है। इसकी क्षमता 170 मेगावाट सौर ऊर्जा और 340 मेगावाट पवन ऊर्जा है। बयान के अनुसार, इस परियोजना से टाटा पावर और दिल्ली सरकार के संयुक्त उपक्रम टाटा पावर डीडीएल के लिए वार्षिक रूप से 1.54 अरब यूनिट कार्बन उत्सर्जन की बचत होगी। टाटा पावर डीडीएल उत्तरी दिल्ली में लगभग 70 लाख से अधिक आबादी को बिजली आपूर्ति करती है।

## Tata Power Renewable gets LoA for 255-MW hybrid project

Tata Power Renewable Energy Ltd (TPREL), a unit of Indian electric utility Tata Power Co Ltd (BOM:500400), on Wednesday said it has received the letter of award (LoA) for a 255-MW hybrid renewables project in Karnataka that it secured in a recent auction.

The auction was held by Tata Power Delhi Distribution Ltd (Tata Power-DDL), a joint venture of Tata Power and the government of National Capital Territory of Delhi, which supplies power to more than 7 million people in North Delhi.

The project will consist of 85 MW of solar and 170 MW of wind capacity, with the award including a green-shoe option of additional 85 MW solar plus 170 MW wind. The facility

The screenshot shows the website news on projects.com. The main article is titled "Tata Power Renewable Energy signs PPA for 510-MW hybrid project." The article text states: "Tata Power Renewable Energy (TPREL), a Tata Power subsidiary, recently signed a power purchase agreement (PPA) with Tata Power Delhi Distribution (Tata Power-DDL) for a 510 megawatts (MW) hybrid project. The project will save, on an average, 1,540 million units (MU) of CO<sub>2</sub> emissions annually for Tata Power-DDL, which is a joint venture between Tata Power and the Delhi government, and which supplies electricity to a populace of more than 7 million in North Delhi, TPREL said in a statement. The PPA has the capacity for bifurcation of 170 MW solar and 340 MW wind power. Located in Karnataka, it is one of the largest hybrid projects in the country and will be commissioned within 36 months from the PPA execution date." The website also features a sidebar with navigation links for various regions and project categories, and a "PROJECTS DATABASE" banner at the top right.

## Tata Power's 510MW Hybrid Project with TPDCL Sets New Benchmark for Renewable Energy in India

March 11, 2023 by Santanu Mukherjee

Tata Power Renewable Energy Signs PPA for 510MW Hybrid Project with Tata Power Delhi Distribution, Saving Over 1540 MUs of CO2 Emissions Annually.

The project, one of the largest hybrid projects in the country, will have a bifurcation of 170 MW solar and 340 MW wind power, and will be commissioned within 24 months from the PPA execution date. TPREL won this project through a competitive bidding process, showcasing their expertise in project execution skills.
