नयी दिल्ली, 20 नवंबर (भाषा) टाटा पावर रिन्यूएबल एनर्जी लिमिटेड (टीपीआरईएल) ने सोमवार को कहा कि उसने पिछले छह महीनों में अपने पोर्टफोलियो में 1.4 गीगावाट क्षमता की निजी उपयोग (कैप्टिव) वाली परियोजनाएं जोड़ी हैं।

Advertisement

नवीकरणीय ऊर्जा से जुड़ी कंपनी ने एक बयान में कहा कि आंतरिक इस्तेमाल के लिए विकसित यानी कैप्टिव परियोजनाओं के शामिल होने से उसकी कुल नवीकरणीय क्षमता अक्टूबर, 2023 तक बढ़कर 7,961 मेगावाट हो गई है।

## TPREL surpasses 1.4 GW of group captive projects

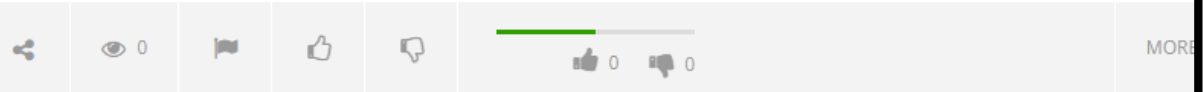

🕒 November 22, 2023

Tata Power Renewable Energy Limited (TPREL) has achieved a group captive project capacity of over 1.4 GW within the past seven months, attributed to the execution of power delivery agreements with diverse industries.

In the past six months, TPREL has entered into significant group captive projects, forming partnerships with entities such as ANAND Group, Chalet Hotels Limited, Endurance Technologies Limited, Mukand Limited, Neosym Industry Limited, Sanyo Special Steel Manufacturing India, Supreme Petrochem Limited, Tata Steel, Tata Motors, Xpro India Limited, among others. Additionally, TPREL is poised to establish a 41 MW captive solar project to support Tata Power's forthcoming 4.3 GW solar cell and module manufacturing facility in Tamil Nadu.

## Tata Power RE adds 1.4 GW group captive projects in last six months

**The portfolio includes 3,755 MW of projects in various stages of development.**

November 21, 2023 01:52 IST ||

Tata Power Renewable Energy Ltd (TPREL) said on Monday that it had added 1.4 GW of group captive projects to its portfolio in India during the previous six months.

TPREL claimed that with the inclusion of these group captive projects, its total renewables capacity will reach 7,961 MW by October 2023, according to a company release.

The portfolio includes 3,755 MW of projects in various stages of development, according to the company. Its operating capacity of 4,206 MW includes 3,200 MW of solar installations and 1,006 MW of wind projects.

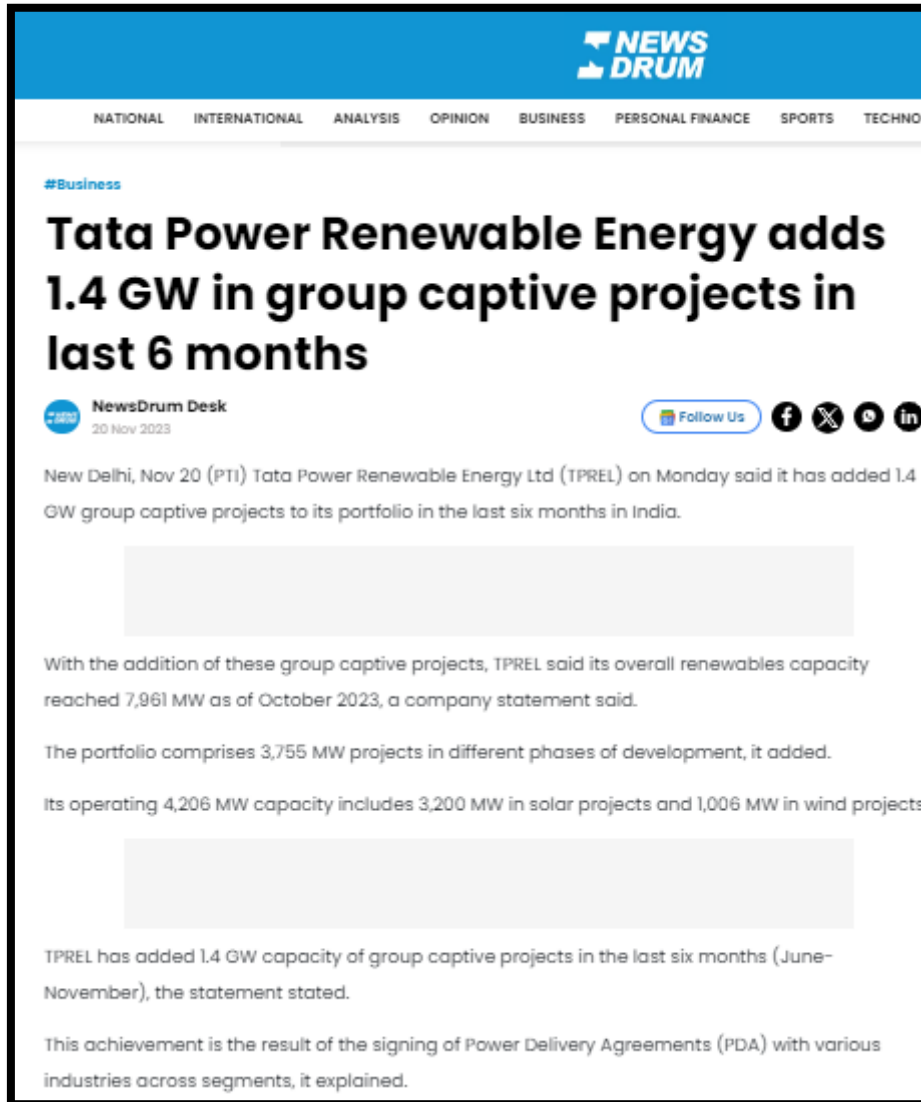

TPREL has built 1.4 GW of group captive capacity in the last six months (June-November), according to the announcement. This accomplishment is the outcome of the signing of Power Delivery Agreements (PDA) with numerous businesses and segments, according to the company.

TPREL, a Tata Power company, is a significant developer of renewable energy projects that it owns, runs, and maintains (including solar, wind, hybrid, round-the-clock, peak, floating solar, and storage systems, including battery storage).
